Vote July 27-31

Secretary of Agriculture Clifford M. Hardin today announced 1971-crop wheat price support loan levels and other program details necessary for producer participation in a July 27-31 mail referendum on marketing quotas proclaimed earlier. The referendum is mandatory under current law in the absence of new legislation for the 1971 wheat crop.

All persons who have a legal interest in the approximately 1.6 million wheat allotments of record will be eligible to participate in the referendum.

If two-thirds or more of the producers voting in the referendum indicate "Yes" to marketing quotas (based on a national quota of 1,210 million bushels resulting in a national allotment of 43.5 million acres), the national average price-support loan rate will be $1.15 per bushel and the domestic marketing certificates will have a value of $1.39 per bushel making the total price support on that portion of the crop $2.54 per bushel or 90 percent of parity as of July 1, 1970. Domestic certificates will be issued on about 535 million bushels. Production in excess of quotas will be subject to penalty.

Preliminary results of the referendum will be compiled and announced by USDA on or shortly after August 5.

Co-Operation Asked For Crisis Corner

Several months ago, some of our local churches organized and set-up in the Liberty Baptist Church a "Crisis Corner" for the sole purpose of helping people in emergencies of all types. Citizens of the County were asked to donate clothing in good condition, clean and sized; clean linens; non-perishable foods and any thing else that might be of use if some family was burned out of their home or needed immediate help in case of an emergency.

People have been most generous in helping stock the Crisis Corner and the committee heading this community service wishes to thank all who have donated items.

The committee, however, would like to stress the fact that if you have anything you would like to donate, please contact one of the chairman from one of the churches presently involved in this project. Clothing, by the boxes and by the bags, have been taken to Liberty Baptist and left in the entrance way or by the office door. The ministers and the office staff are in no way connected with this project and should not be asked to "haul" boxes from all over the church up to the room on the third floor that is being used as the Crisis Corner room.

In an emergency, you may contact your minister asking for help and he will in turn call the proper persons, or you may contact Mrs. Lloyd Hudson, Mrs V. O. Mims or Mrs. Vern Cole from Liberty Baptist Church; Mrs. Eugene Peyton or Mrs. Merle Lawson from Memorial Methodist Church; Mrs. Eleanor Abbitt Scott from St. Ann's Church or Mrs. Brod Pack or Mrs. Joel Carnefix from Appomattox Court House Presbyterian Church.

Garrett Wins Television

Tyler Garrett of Spout Spring had the other half of the ticket being read here by "Miss Appomattox", Betsy Jones as Post 104, American Legion held a drawing Friday evening at Moses' Motors for a portable color TV. The Post realized about $1400 from donations to use to help construct a permanent memorial to servicemen and women of World War I, II, Korean conflict and Vietnam. At the left are C. T. Moses, Jr. and behind him, G. W. Wooldridge, At the right, with "Miss Appomattox" is L. A. Young. Moses, Young and Ronnie Spiggle were the fund-raising committee of the project. The Post had hoped to raise $2,000 with the drawing, and further donations are being sought in order to get the memorial underway.

Bloodmobile Aug..4

A new year has begun -- not calendar wise -- but according to records kept by the Red Cross Bloodmobile due here for the first visit of the fiscal year on Tuesday, August 4.

The Bloodmobile will be here from 12 noon to 6 p.m. at Liberty Baptist Church with a canteen offering sandwiches and beverages and a nursery for children of the workers and volunteers.

Quota for this visit is 105 units, according to Mrs. Ben Harvey and Mrs. Robert Carter co-chairmen for the Jr. Woman's Club Bloodmobile program.

Appomattox County more than set its 100% quota, with a 113% quota achieved in four visits since last July. This year, say the chairmen, the quota is a little lower -- 316 units for the year as compared with last year's 322. Each year's quota is based on blood usage and a community's ability to donate.

The co-chairmen urge everyone's cooperation once again as Appomattox strives to meet its obligations for fresh, whole blood. Young people, 18 years through 21, no longer need parental written consent to donate, and the chairmen and other supporters hope that this will mean a sizable increase in new donors.

Legion Dinner Monday - 6:30

Members of American Legion Post 104 are holding their annual picnic dinner Monday, July 27 at 6:30 p.m. for Post members, their families and invited guests.

D. E. "Ed" Lindsay, of Madison Heights, Va., Past District Commander of District 7 will install new officers for the coming year.

Lime Plant Ownership Changes Hands

State directed operations at the Appomattox Lime Plant will cease as of July 31 and Rockydale Stone Service Corporation will begin operations on Aug. 1, according to an announcement from B. W. Sadler, Assistant director of the Division of Markets, Va. Dept. of Agriculture and Commerce.

In a letter to customers of the plant, Sadler wrote, "We have all the reason to believe that the new company will make considerable improvements in the plant, thus assuring you of an adequate supply of ground limestone on a continuing basis. This is something we were unable to do during the last few years."

Continuing, the letter says, "Most or all of the personnel who were in our employment at this plant will more than likely continue with the new company.

"Probably the only recognizable change you will see in the plant will be improvements in the supply of ground limestone. This we are sure you will welcome."

Director Sought

The Community Mental Health & Mental Retardation Services Board of Central Virginia is now conducting a recruitment drive to obtain a psychiatrist-director for a program being set up to provide psychiatric and associated services on an "ability-to-pay" basis.

Will Have Guest Speaker

The Rev. William N. Clark, pastor of Buena Vista Presbyterian church will be the guest speaker Sunday morning at Appomattox Court House Presbyterian church in the absence of the Rev. M. G. Stimpson who is on vacation.

A native of Rocky Mt., N.C., Mr. Clark is a graduate of Davidson College and Union Theological Seminary.

He is married to the former Jane Anderson of Farmville, who is a cousin of Mrs. Lewis McDearmon and a niece of the late B. G. Anderson.

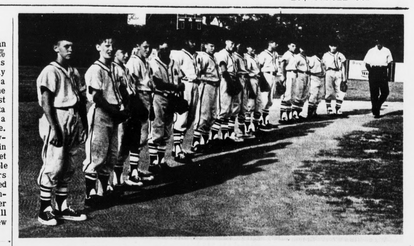
New Va. Map

Comfort, safety and pleasure of driving are featured on the cover scenes of the 1970 official state highway map now being distributed by the Virginia Department of Highways, highway information stations and rest areas, and by the travel industry.

Radio Day August 16

During the next three weeks the Appomattox County Jaycees will be contacting local business managers throughout the Appomattox County area in an effort to solicit their support of the "Jaycee Radio Day" project.

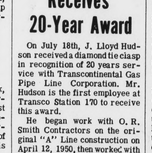
Again this year, as in the past, local businesses will be given the opportunity to advertise their products or services VIA the Radio Media. An option of two advertising times will be offered thereby catering to both the large and small concerns. If the project is as successful this year as it has been in the past, the Jaycees themselves will be broadcasting the Ads from 6:30 a.m. until 8:00 p.m. on Sunday, August 16 from Radio Station WFLO in Farmville. The profits obtained thru this Jaycee project account for approximately 75% of the Jaycee income during their entire year. As a result many of the community projects sponsored by the Jaycees are supported by "Radio Day" funds. So Mr. Business Man, when the Jaycee contacts you, buy an ad. Help yourself – Help your community – Help the Jaycees Help You!



Infield Full Of Winners!

Appomattox is host this week to District 6 Dixie Youth Baseball Tournament with the Appomattox team shown during introductions preceding Saturday's opener. Appomattox All-Stars played Rustburg Saturday night with Rustburg on top of a 4-2 score. Appomattox defeated Brookneal Monday night 14-0. Tuesday's game was rained out. Wednesday's schedule calls for the completion of a game between Charlotte County and Rustburg with Appomattox playing the loser. Playoffs continue on Thursday night and possibly Friday.

Each of the four teams, Appomattox, Charlotte County, Rustburg, and Brookneal played Saturday. Each team stays in the tournament until it loses two games with the District winner a possible 3 or 4 - game winner. District director for Dixie Youth Baseball, Dude Austin, is here and good sized crowds have been present each playing evening at the Woodmen of the World field. This is Appomattox' first occasion to be host for a district Dixie tournament.



Receives 20-Year Award

On July 18th, J. Lloyd Hudson received a diamond tie clasp in recognition of 20 years service with Transcontinental Gas Pipe Line Corporation. Mr. Hudson is the first employee at Transco Station 170 to receive this award.

He began work with O. R. Smith Contractors on the original "A" Line construction on April 12, 1950, then worked with Fish Construction Company on the construction of the present compressor station, 170, located in Appomattox and was transferred from Fish Construction Company to Transco on July 18th.

Three other employees at the local compressor station will also receive their 20-year awards this month: A. A. Bohannon, July 19th; William Mitchell, July 19th and Edwin Carter, July 24th.

LIONS MEET TONIGHT

"Communists on Campus" is a title of a film to be shown tonight for Appomattox Lions. Meeting is at Maude's at 6:45 p.m.

Town Council Approves Additional Decorations

It was "Christmas in July" at Appomattox Town Council meeting Monday evening as councilmen decided to add four additional pole decorations to those already owned by the town and set up during each holiday season on Main Street. The motion was made by councilwoman, Mrs. Calvin Robinson.

The new additions will cost approximately $500, according to town manager C. S. Booth's estimate, and will be placed on the western end of Main Street and on two poles on north Church Street. Plans call for subsequent additions of the gold colored ornaments and lights to light up an increasing amount of the shopping area, said Mayor H. B. Pack.

Other merchants are invited to get in touch with the town manager if they would like to order similar decorations for their business establishments. It is expected, said C. S. Booth, that the $136.00 cost per pole of two years ago, will be somewhat higher this year.

Five court cases in municipal court were reviewed.

Town council approved a motion made by councilman Robert Hubbard that "flu" vaccine shots be made available to town officers and workers at no cost to them. He said this would be in the interest of the town to keep workers on the job.

A misspelling of the street name "Isabell" now makes that street "Isabell", said manager Booth, and changes were made for another change at the present.

Vo-Ag Workshop

Agricultural education instructors in Amherst, Appomattox, Buckingham, Campbell, Charlotte, Cumberland, and Prince Edward counties will participate in a workshop July 22-23 at the Appomattox County High School.

The conference is one in a series in teaching tractor maintenance. Major emphasis will be given to the use of the latest test equipment.

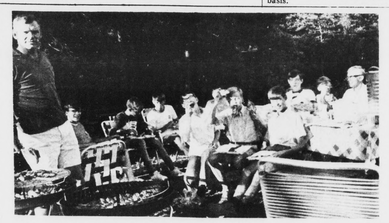
The conference leader will be Glen H. Hetzel, instructor in agricultural mechanics at VPI. The workshop will begin each day at 9:00 a.m.

H. B. Pack, instructor of agricultural education in the Appomattox County High School, is in charge of arrangements for the conference.

Tobacco Bill

A permanent authority for the lease and transfer of tobacco acreage allotments has been signed into law by the President. The bill was introduced by Fourth District Rep. Watkins M. Abbitt.

Ball Players Hold Picnic



Pony League baseball players of Appomattox, after a very successful season, met last week at the home of coach Stanley Thomas for a chicken barbecue -- with all the trimmings usually associated with a fine picnic.

One player was finishing off his 7th piece of chicken as the photo was snapped. For the photographer there was a bonus -- a tender piece of chicken that the hearty eaters had overlooked!

Planes Land For Forestry Job

That once-popular song, "It Takes Two To Tango" can also be applied to forestry. This is one of two small planes on a landing area just off Rt. 460 west of Appomattox waiting for proper weather conditions to spray forest areas in the county. Bill Houchins, high school student of Appomattox (far left), was one of several visitors to the spot Monday as pilot Glen Holt (standing next) discussed procedures with Appomattox county forester Warren Taylor and Leonard Tennant, forester for Prince Edward county (far right). Plans call for chemical spraying of 350 acres of privately owned and state forest land. Taylor says that treatment with "2-4-5-T" kills off undesirable hardwood growth among the young pine trees. Each plane can carry 100 gallons of chemical – enough to treat 20 acres before filling up again. All areas are carefully marked by foresters before the spraying begins. Taylor explains that one plane follows another over a given area so that no trees are missed. The chemical leaves a white residue and can easily be seen by the follow-up plane.
